School Improvement Plan 2015

| Target | Method | Person responsible | Monitoring |
|--|--|---|---|
| 1. Improve 'changing fractions to percentages' among 1 st Years (from 71% to 75%) | Using fractions to calculate percentages in all class tests (results given in fractions). | Whole staff. | Numeracy Working Group Maths Competency Test, March 2015 |
| 2. Improve Problem-solving in 1 st Year (38% to 45%) | Use of 'problem-solving board' in 1st Year area to encourage problem-based learning and co-operation. | Subject Departments set and correct weekly problems on board. | Numeracy Working Group Maths Competency Test, March 2015 |
| 3. Increase parental comfort with 1st Year maths homework (from 40% to 50%) | Addressing issue at 1 st Year parents' night, production of 'crib sheet' to aid parents who help with student homework. | Numeracy Working Group/Maths Dept/Principal | Maths Dept Survey of parents in late school year |
